

## **STUDENT ABSENCES AND EXCUSES** *(Grades K-8)*

As directed by the Board, the following procedures will be used to implement the district's attendance policy.

### **Definitions**

*Attendance* B A student is considered to be in attendance if the student is physically present in a class; participating in a district-sponsored or district-approved activity; participating in a class through alternative methods or media as allowed by Board policy; receiving homebound services; or receiving services at another location pursuant to law or by arrangement of the district.

*Parent* B A parent, guardian or person acting as a parent in the absence of the parent or guardian if the student is under 18. If the student is 18 or otherwise emancipated, the student will serve as the parent for purposes of this procedure.

*Tardy* B A student is tardy if the student arrives after the expected time class or school begins, as determined by the district. Tardiness will be counted as an absence in situations where the student arrives too late to have meaningful participation in the class, lesson or activity.

*Truancy* B A student is truant if the student is absent from class or school without the knowledge and consent of the parents and the administration. A student is also considered truant if the student leaves school without the consent of the principal or accumulates excessive unjustifiable absences, even with parental consent. Truancy is a type of unexcused absence.

### **Attendance Standards**

The following absences will be excused. Documentation must be provided as indicated.

1. Illness or injury of the student, with written excuse from parent.
2. Illness or injury of a member of the student's family when the student's presence is necessary or expected, with written excuse from parent.
3. Medical appointments, with written appointment confirmation by medical provider.
4. Funeral, with written excuse from parent. The principal may require a program or other evidence of attendance as additional verification.

Critical

5. Religious observances, with written excuse from parent.
6. Other appointments that cannot be scheduled outside attendance hours, such as court appearances, with written excuse from parent.
7. Out-of-School suspension.
8. Visits with a parent or legal guardian who is an active duty member of the military who has been called to duty for, is on leave from, or is immediately returned from deployment to a combat zone or combat support posting, with permission of the superintendent or designee.

All other absences and any absence for which required documentation is not provided are unexcused.

### **Consequences for Violations**

#### ***Grades KB5***

Attendance in early grades is crucial to later academic development. In addition, attendance habits are formed in early grades, and many later attendance problems can be averted with intensive family and student interventions in early grades. For this reason principals, with the assistance of building staff, will closely monitor student attendance and implement intervention strategies and other actions as follows:

1. Any time a student is absent and the parents have not contacted the school, the principal or designee will notify the teacher. The teacher will contact the parent by phone or in person.
2. When a student has accumulated five (5) excused absences or one (1) unexcused absence in any semester, the principal or designee will set up a conference with the parent at a time convenient for the parent to discuss the student's attendance and current level of academic performance. One (1) or more of the student's teachers will be in attendance. The purpose of the conference is to clarify the school's expectations regarding attendance and elicit suggestions from the parent on how to improve the student's attendance, including identifying reasons why the student is not attending school regularly.
3. When a student has accumulated eight (8) excused absences or two (2) unexcused absences in a semester, the principal will schedule a conference with the parents at a time convenient for the parents. All of the student's teachers will be present, and the parents will be encouraged to bring other family members. The purpose of this conference is to determine why the student is not attending school regularly; to examine the student's academic performance; to communicate district attendance expectations; to provide information about compulsory attendance laws and educational neglect; to elicit suggestions from family

members about increasing the student=s engagement with school; and to create an attendance plan that includes specific intervention strategies designed to improve the student=s attendance.

4. When a student has accumulated ten (10) excused absences or three (3) unexcused absences in a semester, a staff member from the district will arrange an in-home visit to discuss the student's attendance plan and any necessary modifications to the student's attendance plan.
5. When a student has accumulated twelve (12) excused absences or three (3) unexcused absences in a semester, the district will determine whether there is reason to suspect educational neglect or whether the parent is violating the compulsory attendance laws. If so, the district will contact the Children=s Division (CD) of the Department of Social Services or the local prosecutor.
6. More than twelve (12) excused absences or three (3) unexcused absences in a semester will be a factor in determining whether the student may be retained or required to attend summer school as a condition of promotion.

Students are expected to make up assignments from missed classes within the time period established by their teachers. Students who do not complete missed assignments in the required time may be required to attend academic support sessions outside of the regular school day.

Any conference may be waived by the principal if the absences were caused by a specific event or long-term illness. In cases where the district is aware that a student must be absent for an extended period of time, the district will arrange for the student to receive instruction by other appropriate means.

### ***Grades 6B8***

The school may implement any of the consequences and interventions outlined above for students in grades six (6) through eight (8). Because students in grades six (6) through eight (8) are expected to take more responsibility for their actions, students will be included in conferences and interventions.

Students will be expected to make up all work regardless of whether an absence is excused or unexcused. Each teacher may set reasonable limits regarding the timeframe in which missed work may be completed. Attendance and participation are part of a successful learning experience. Except in certain situations with foster care children in accordance with law, students with more than nine (9) excused absences or any unexcused absences in any class in a semester will be issued an academic penalty in the form of grade reductions as follows:

<b>Excused Absences</b>	<b>Grade Reduction</b>	<b>Unexcused Absences</b>	<b>Grade Reduction</b>
10	2%	1	4%
11	4%	2	8%
12	8%	3	16%
13	16%	4	32%
14	32%	5 +	50%
15 +	50%		

This academic penalty represents the participation portion of the student's grade and is intended as a deterrent to excessive absences. Academic consequences accumulate more quickly for unexcused absences, since they are completely avoidable. Penalties are cumulative so that a student with ten (10) excused absences and one (1) unexcused absence would be penalized six (6) percent. Unexcused absences will not count in the excused total, so a student with nine (9) excused absences and one (1) unexcused absence would only receive a four (4) percent penalty.

Any student may reduce accrued absences by attending make-up study or counseling sessions scheduled by the principal during noninstructional times. The student must notify the principal that he or she wishes to make up attendance days, and the principal will provide the student information on the next available session. Make-up sessions do not match the educational value of actual class attendance, so no student will be allowed to make up more than five (5) absences by attending make-up sessions.

The district will contact the CD or the local prosecutor in cases where the district has a reasonable suspicion that a student's lack of attendance constitutes educational neglect on the part of the parents or that parents are in violation of the compulsory attendance law. No such action will be taken unless other strategies and interventions have been implemented and proven ineffective.

### **Notice and Due Process**

A summary of the Board-adopted attendance policy and related procedures will be published in student and other handbooks and posted on the district's website. In addition, students and their parents will be notified prior to the imposition of any consequence and given the opportunity to appeal the imposition of the consequence to the superintendent. On appeal, the student and his or her parents may present evidence that the student has missed fewer days than the district's records show

or that an absence recorded as unexcused should have been recorded as excused. An appeal will not be taken based on whether the reason for the absence justifies an exception to this rule.

### **Intervention and Engagement Strategies**

The district will utilize the following intervention and engagement strategies as part of the district's overall approach to improve student attendance and achievement. The superintendent or designee will:

1. Conduct community-wide public relations efforts that stress the importance of school attendance.
2. Collaborate with community groups and other organizations that engage youth in activities to create a consistent message about the importance of education.

Building-level administrators and staff will:

1. Post daily attendance in a prominent place by number, percentage and fraction so students and staff can monitor attendance levels. Individual student attendance information will not be publicly posted.
2. Provide recognition in the form of ribbons, book certificates, special recognition or other non-food rewards to students with improved attendance.
3. Assign truant students to academic support, detention or in-school suspension rather than out-of-school suspension.
4. Assign students who are frequently absent to a staff mentor or participation in a group advisory program.
5. Assign students to tutoring outside of the regular academic day.
6. Provide access to behavioral counseling, including information about community resources.

### **Evaluation**

Principals, with the assistance of building staff, will conduct annual evaluations of all strategies used to improve student attendance. The evaluations will include:

1. A summary of which strategies are being implemented.

FILE: JED-AP1  
Critical

2. The number of participants.
3. Records of targeted interventions for particular students.
4. Changes in overall attendance rates.
5. Changes in attendance rates and academic achievement of students participating in the various strategies.
6. Changes in attendance rates and academic achievement of individual students receiving targeted intervention.
7. Any other data that can be used to assess the effectiveness of strategies and interventions.

Strategies found to be ineffective will be modified or replaced. The principal will provide evaluation information to the superintendent.
